The bill would authorize the department to implement an annual program audit or fiscal review, as specified.

(4) This bill would require the department, if the application for a center has been approved by the department and the applicant has received written verification of that approval, to distribute 75% of the grant award for each year of the grant no later than 45 days after enactment of the annual Budget Act or any additional authorizing statute, whichever is later. The bill would require the department to distribute the remaining 25% of the grant award for each year of the grant no later than April 1 of the year following the year in which the initial 75% is distributed, as specified.

The department shall determine the funding levels for each center and any new programs to be created. The

department shall consider recommendations made by an advisory committee regarding center funding levels. The advisory committee shall meet at least four times annually, including once before applications for funding are made available by the department. To the extent practicable, the department shall use an existing advisory committee for the purpose of making recommendations regarding center funding levels. Funding for existing centers or any new center shall not exceed funding provided for these purposes in the annual Budget Act or another statute. The department shall evaluate and rank the proposals for funding purposes.

(b) An application for funding by a California American Indian education center shall be ranked and approved on the basis of all of the following criteria:

(1) The application is designed to achieve measurable objectives for the center.

(2) The applicant's degree of commitment to the purpose of American Indian education as demonstrated by the policies adopted, the allocation of staff, fiscal, and material resources, and the integration of existing resources and services.

(7) Existing centers created by the department shall receive priority in funding.

(8) The application of an existing center shall receive priority for funding over any application for a new center.

(c) The funding level for each center shall be based upon a comprehensive community needs assessment, including the applicant's history of educational support for American Indian pupils, their parents or guardians, and the amount of collaboration with local American Indians.

(d) Funding for each center shall be distributed by reference to pupil population, pupil academic performance, and the local economic base.

(e) To the extent possible, the centers shall be distributed in regions throughout the state in order to reflect the American Indian population base.

(f) Funding may be carried forward from a previous fiscal year for use during the subsequent summer months if deemed necessary by the department to carry out the purposes of the American Indian education programs.

(2) On or before January 1, 2011, the department shall report consolidated results for all centers and supply information that is

required for a comprehensive evaluation of those results, and make recommendations for program improvement.

(c) The centers shall maintain sound fiscal policies. The department shall provide technical assistance and training to the centers in order to assist the centers to maintain sound fiscal policies. The department may require an annual program audit, however, if the department deems it fiscally unsound for the centers to provide an annual audit, a fiscal review shall suffice.
